 - If still tied, then a coin toss will be used.
4. Total points per entry will determine the Champion within each classification of meat.
5. The Grand Champion will be based on team standings across the three (3) categories, the entries in each category will be ranked in order from highest to lowest total points. The highest ranking team will be given the highest number of points (based on number of teams) through to the lowest ranking team who will be given 1 point. These rankings will be added together across the three (3) categories and the team with the highest cumulative total will be determined to be the Grand Champion.
